

SPARE PART KITS

Ambu® aView™ 2 Advance

Ambu

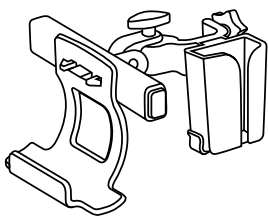

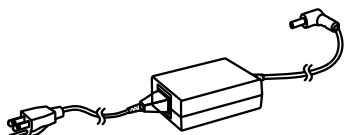

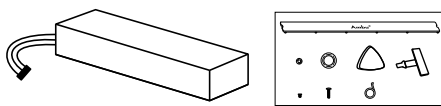

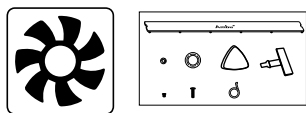

Ambu® aView™ 2 Advance

To extend the lifetime of your Ambu® aView™ 2 Advance display unit, Ambu has made a range of spare part kits available to your hospital.

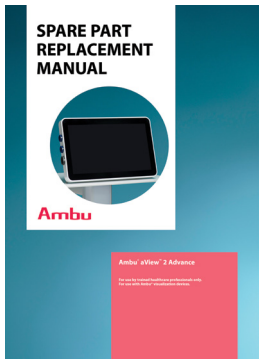

The kits come with a comprehensive manual which provides step-by-step illustrations that guide your biomedical engineers through the process of replacing parts as needed. In this way, you can replace the aView 2 Advance parts that are most susceptible to wear and tear without driving up hospitals' costs for new equipment purchase.
